About this property for sale

Bang Sai is on the Yamu peninsula, enjoying easy access to all Phuket has to offer, especially for families. From here, you will be at shopping centres and international schools within 15 min, airport in 25 minutes, Ao Po Marina in 10 minutes etc. This is a very quiet village located on the north side of Yamu. The dead end road leads to the beach where you can see unspoiled views of Phang Nga Bay. This coastal area enjoys the same stunning views as the most prestigious addresses at Cape Yamu, but with more privacy and freedom to design your own dream house. Exclusive projects in the area are Baan Yamu (www.banyamu.com) and Cape Yamu (<http://www.capeyamu.com/>)

The Land:

The property lies close to the end of the dead end road only 500 meters from the sea and beach. With a road frontage of approximately 90 meters, multiple dwellings can be built, or just one or two large villas enjoying the natural scenery in this beautiful spot. Although the property is only 3,545 square meters, it has already been subdivided into 4 equally sized plots, all with road frontage.
